WELCOME TO **CRISWELL FURNITURE**

In these catalog pages, you'll be introduced to beautiful, handcrafted, hardwood furniture from Amish Country, Ohio. Our bedroom collections offer something for everyone—varied styles, elegant design, and plentiful storage. From time-honored Shaker and Mission options to Traditional choices, from charming Country looks to updated versions of bedroom Classics, Criswell has the perfect set to complement your home.

Elegance. Edge. Charm. Sophistication. We cover the bases and bring you bedrooms you'll be proud to own and truly delighted to enjoy, every day and night.

Every piece of furniture we create starts with the finest solid hardwood, ensuring lasting beauty and durability. You'll be thrilled to pass these heirloom quality treasures down through the generations.

FROM TREE TO TREMENDOUS

It begins with a tree. Tall. Proud. With strength and character gained through the years. The rich beauty of hardwood is evident in every piece of furniture we handcraft. Whether it's a chest of drawers, nightstand, headboard, or cabinet, solid hardwood promises a final result that is naturally beautiful—and simply breathtaking.

FROM TREE TO TREMENDOUS:

Behind the Scenes with Criswell Furniture

Hardwood forests are a renewable resource. There are more hardwood trees in Ohio and Pennsylvania today than there were in the early 19th century!

THE FARMHOUSE HERITAGE COLLECTION

THE STORY BEHIND THE FARMHOUSE HERITAGE COLLECTION

American Barns: they stood strong for many long years—models of strength and tradition. Representations of closeness to homeland and family. Symbols of close-knit, strong communities. Many were the cherished occasions and beloved kin these stately structures hosted. Many were the storms that pelted the timbers, revealing the solid foundations upon which they rested. Many were the bales of hay piled high in the ample storage spaces. Years passed. Things changed. Their portly grace succumbed to the weathering forces that beat

upon them. Evening shadows cast their forms upon desolate frameworks. Empty echoes of yesteryears filled the dusty corners, creating a sense of peace. Swallows glided silently to their nests on towering beams.

Out of the solitude arises unique activity—new life and direction. Painstakingly dismantling the barns yields something novel from the old. With the skill of an artisan's hand, this rustic hardwood is transformed into the Farmhouse Heritage Collection.

Because preserving a legacy of love, integrity, and hard work is as important to us as it is to you, we protect every fine detail, creating a masterpiece of beauty that will last for generations to come.

FINISHING TOUCHES

The beauty of our handcrafted furniture lives on through the years, thanks to our quality finishing techniques. Our superior hardwoods are sanded and prepped to ensure perfect results every time. Rich, quality stains bring out the natural beauty of the wood grain, and our special varnishing process ensures your furniture will look beautiful for generations to come.

Careful sanding of each hardwood piece results in a beautiful smooth finish on every item of furniture we create.

Special varnish layers seal and protect wood surfaces.

EXCELLENCE IN EACH DETAIL

From the dovetail drawers to the smooth drawer glides, every detail matters. Our furniture is created with loving care and pride in craftsmanship. There are no shortcuts. No skimping. We build each piece as if it were the most important bed, dresser, chest, or nightstand in the world.

Dovetail drawers assure you of the finest quality craftsmanship.

Our quality stains are applied to each individual component of every piece of furniture to assure complete coverage and perfect results.

Precision drawer glides ensure optimum performance, whichever style of furniture you choose.

Corners of 45° are precisely mitered.

Cabinetry bases feature handsome molding.

Drawer glides allow for easy removal of drawers when necessary.

Every piece of our cabinetry is proudly handcrafted in the United States of America.

We continually plant new saplings to replenish our hardwood supply. These are shown at three to five years old.

The backs of our cabinets feature quality wood, are screwed in place, and are stained to match the entire piece.
